

Jewish

According to Jewish tradition you're a Jew if you are born to a Jewish mother. But what if only your father is Jewish? Are you still a Jew, then? People tend to disagree about this. You can also become a Jew. This means you choose to become a member of the Jewish people.

Jews are scattered all over the world. They are a cultural minority in all the countries where they live except Israel, which is the only Jewish state in the world.

What do many Jews find important in their lives? According to Jewish tradition, God created the world and people have to complete this creation; meaning people must make the world a better, more beautiful place. Everyone, no matter how old, can contribute to this. And first and foremost is performing good deeds!

My notes:
